Your lodge’s building is about to be transformed. Dimensions are being taken and the Temple Board will begin their plans by having them placed on the Trestleboard, drawn by an architect, from input given by the nine Brothers who sit on the Temple Board. Our active Brothers and Past Masters who have been elected to the Temple Board have, to the best of their ability, identified the general needed improvements for the building, which permanently houses our lodge, but is owned by the Normal Heights Temple Association. However, if the nine board members, including the president who directs the agenda of the Temple Board, do not hear from the stockholder they have the responsibility to do their jobs to the best of their abilities, without input.

The Corporation Known as the Normal Heights Temple Association, aka the Temple Board, has one stockholder, that being the dues paying Brethren of Unity Lodge 632. The President of the Temple Board is responsible for setting the agenda. Board members present opinions of Brothers they have heard from and request consideration and perhaps a vote of those opinions by having them put on the board’s agenda. The Board members need stockholder input to determine what profits the stockholder. The President of the Temple profited by actions from the Temple Association, that provide for the Masonic needs and the comfort of our Brothers and also our concordant bodies while utilizing the facilities. Consideration of our concordant bodies and their needs in our design, such as new concepts for storage, modern interior decoration and coordinated furniture, will cost the Temple Association in monetary profit but will profit the stockholder and masonry in general.

We know the kitchen and bathrooms are some of the important changes on the large list of improvements but other considerations will not get onto the agenda unless the stockholder of the Normal Heights Temple Association tells the board members and President what is important by pen and paper, civil conversation, and email. Telling a Board member your opinion will help him determine what is important to the collective stockholders.

If you are a dues paying member in Unity Lodge take this opportunity to speak up and let us know what you would consider to be an important improvement. If you do not attend lodge but use your lodge’s facilities frequently within another concordant body, you have a right to say what would best facilitate that group. If that Masonic concordant body prospers so does our lodge and it’s members. Speak promptly of your opinions and requests so they can be considered for (Continued on page 4)
From the West

Brethren,
The other day I received a phone call from one of our members. He explained that his other volunteer work and involvements were keeping him from attending lodge but that he was very much in support of Unity Lodge. He did say that he was available and would be attending the Pancake Breakfast on August 4th at 9am to 1pm. I realize that it has been several years since Unity Lodge has had any fundraisers and I will change that on the schedule for next year. My hopes are that every member of our lodge will Buy a Tie or donate $25 towards the Grand Master’s Raising a Reader program. It’s not too late to show your support and donate towards this cause. I know many members of our lodge gladly support Al Bahr Shrine and Scottish Rite functions but I often wonder if they forget that it was their Blue Lodge that got them into those organizations. It hurts me to hear about brothers from our lodge active in Al Bahr Shrine and Scottish Rite, and yet cannot find the time to attend a degree, a stated meeting, or special function at Unity Lodge. What hurts me even more is when it is Past Masters of Unity Lodge, men who were officers and ran this lodge and proudly held the title of Master of the Lodge. Apparently some brothers are forgetting where they got their start. If there is particular reason for this, as incoming Master I would like to hear them so that I can do my best to correct them in the upcoming year. I can be reached at 619-335-0714. On August 25th the Officers from the 913th Masonic District will be heading up to Covina Masonic Home to perform a Second Degree at 10am. All 2nd and 3rd degree masons are invited to join us while we take the degree on the road. The address for the Covina Masonic Home is: 1650 East Old Badillo Street, Covina, CA 91724. The phone number is (626) 251-2200. I hope to see some of you up there as sideliners.

From the South

Brethren,
Thank you to everyone that attended our stated meeting dinner, presentation of the history of the flag and our golden veteran award presentation for brother Charles Ames. The presentation of the History of the Flag by the National Sojourners was very informative and the name the state game at the end was fun. It was good to meet Brother Ames and get to know him a little better. I hope to see you all at our stated meeting dinner and our pancake breakfast fund raising event for the Grand Master’s Raising a Reader Program. I can tell you firsthand how very important this project is as Kerry and I are in the process of trying to find a public school for our daughter to begin kindergarten.

Fraternally,

placement on the agenda. If you are a dues paying Brother, such as myself, and you think the improvements should include new dynamics in cleaness and hygiene, up to date décor, New comfortable lodge room theater seats to accommodate bigger people, committing to built in book shelving in a fully dedicated library space, making the building look appealing to the community, addressing unfortunate mistakes concerning our stucco work, you have the right to give your opinion. Now is the time. If you feel strongly about an opinion, such as I do that, Unity Lodge 632 should be provided the courtesy of designing the changes to better facilitate our lodge’s future growth by maintaining our larger portion of available storage without potential loss of space due to monetary profit for the Temple Board, due to reassignment of that space, and also that Unity Lodge 632 be provided the courtesy by the Temple Board President in opening a committee to reassign, with harmony, the concordant body storage currently in the Mark Ur sprung Memorial library, for full and permanent use of the library space by Unity Lodge 632, aka the stock holder, then speak up and say it. There, I spoke up and gave an opinion. Your opinion adds to others.

The dimensions are being taken quickly and plans being developed from the list of needs put together by the hard work of the Temple Board members input. Please understand that the board members will appreciate knowing your opinion quickly before the physical work is underway. We are fortunate to have the monies within our lodges coffer, to loan the Temple Board to accomplish that which profits the stock holder in its need to have a lodge that profits us all in its beauty and function, with wisdom.
